(By United Press.)

Indianapolis, Ind., March 3.—Suffragists were playing a waiting game today. Friends of the measure believed it would have a better chance of passage after some minor matters were cleared out of the way and the issue was not forced by attempting to call the bill out of committee where it has been for nine days.

Senate Democrats tonight will caucus on the primary question. Senator Ballou did not attempt to force the Jones direct primary bill out of committee today as it is the hope of advocates of the Jones bill that it will be made a caucus measure at the coming caucus.

In line with caucus action the house today adopted the majority committee report favoring passage It came up for first reading in the of Senator Chambers' printing bill.

It is true that nature and a woman's work has produced the grandest remedy for woman's ills that the world has ever known. From the roots and herbs of the field, Lydia E. Pinkham, forty years ago, gave to womankind a remedy for their peculiar ills which has proved more efficacious than any other combination of drugs ever compounded, and today Lydia E. Pinkham's Vegetable Compound is recognized from coast to coast as the standard remedy for woman's ills.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health - many of them openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound; and in some cases that it has saved them from surgical operations.

Tuberculosis Legislation.

The only reason possible to discover why members of the Indiana legislature defeated the anti-tuberculosis bill "with teeth in it" last week was that certain members were opposed to Dr. J. N. Hurty and voted against the bill because he indorsed it. Another bill has been tisan view of some legislators when the health of the people of the state complish anything because there were enough sane heads to understand that Dr. Hurty had accomplished more for the health of Indiana citizens that any man ever at the head of the state health organization.

But regarding the anti-tuberculosis bill which met its death last declared for suffrage for the feminweek, the Fort Wayne News saysand the comment is typical of many they can well afford to break any which have been written:

What brings the utter obliquity of this action into evil conspicuity, however, is the fact that on the same day this same body of men passed a bill appropriating \$50,000 with which to fight a disease affeeting cattle, a disease which in Europe has long been treated successfully by simple remedies employed by the farmers. Yet our legislature without question donates a large sum of money to fight this superficial cattle ailment while it even refuses to strengthen the hands of those who are desperately and devotedly combatting a disease which strikes at the human race even more terribly than does devasting war. Our legislators have declared by their official acts that steers, sows and sheep are of more consequence than are boys and girls, and that dumb brutes must be protected from illness while human beings are denied passed but it does not come near the a bulwark to ward off the darts of one defeated. With a mighty blare of trumpets about its passion for progress, the house of representatives the Indiana general assembly passed the other day a universal primary measure, following the rejection of a similar bill by the senate. Promptly the Indiana state senate passed, with practical unanimity, a genuinely progressive measure, providing for the enfranchisement of women. To the demand of the house "Let the people rule", the senate answered, "Not simply some of the people but all of the people." RATES IN STATE

ciation Shows Average For Cities to be \$3.72.

RUSHVILLE RATE HIGHER

Incorporated Towns in County Are Below Average.

According to an exhaustive survey of tax rates throughout Indiana, made by the Indiana State Tax association, the tax rate in Rushville is nine and four-tenth cents above the average for the ninety-seven cities in the state. The average rate for cities is \$3.726 a hundred and in Rushville, the rate is \$3.82.

The survey is the 1914 levy to be paid this year. It reveals that the that the five cent tax rate would be reached soon—and it is here, according to the figures. Five Indiana towns and cities in Indiana this year have a tax rate of five dollars or more on every one hundred dollars worth of taxable property. One is within eight cents of six dollars. Thirty-six towns and twenty-eight cities have more than a four per cent. tax rate, but Rushville does not get into the latter class.

The increase in Rushville city is twenty-four cents over the 1913 levy. Fifteen cents of the twentyfour was made in the city property.

The city council raised the tax levy fro mone dollar to one dollar and fifteen cents because the council figured that it would be economy to raise the levy and meet the debts of the city as they come due rather than borrow more money to pay off money. It is generall conceeded that the tax levy should have been raised two years ago and the rise would not have had to have been so large. The outgoing administration in 1913 realized that it was imperafive to raise the rate, but delayed action until it was too late to make the increase legally, thus leaving a lot of outstanding debts for the present administration to pay.

The average for the 393 towns in the state levied in 1914 and payable this year, is \$3.093 a hundred. The average rate the year before was \$3,023, showing an increase of seven cents a hundred. There are only two incorporated towns in Rush county. The rate at Carthage is \$3.05 four cents below the average, and the rate at Glenwood is the same. The rate of other towns in this vicinity are as follows: Morristown, \$2.36; Knightstown, \$2.55; Lewisville, \$2.52; Straughn, \$2.68; Spiceland, \$2.51; Dunreith \$2.06.

The rates of other cities in this part of the state follow: Columbus, \$3.04; Greensburg, \$3.59; Connersville, \$3.04; Greenfield, \$2.83; Newcastle, \$3.16; Seymour, \$3.56; Shelbyville, \$3.04; Richmond, \$3.26. All of the mare increased, excepting Newcastle, which remained stationary, and Greenfield, which decreased sixteen cents.

Plenty of Rushville evidence of Jennings for Most Part Will Stand Pat on Tigers as They Were Last Season

> FIGHTING CHANCE TO WIN

Would Stand Chance to Show Something if All of Pitchers Would Get Right

(Written for United Press.)

Detroit, Mich., March 3.—Hughey Jennings is going to stand very nearly pat on his 1914 team. There is a hole at second, left vacant by the collapse of Marty Kavanagh, the Jeresy cave man, and good pitchers always can be used, but that will be the extent of the Jungletown patching.

This was the dope handed out by the prophets today.

Some thousands of fans who believe the Tigers would have beaten the Red Sox out of second place in the American league race last season had Cobb been able to remain in the game throughout the summer, are confidently predicting a pennant for the Bengals in 1915. Most of the others believe "There's a fighting chance."

George Burns, who was more or ess of a sensation last year, undoubtedly will be seen at first base again this season, Donie Bush will be at short, and George Moriarty, the veteran, who had one of his best seasons last year at third. Cobb, Crawford and Veach will continue at their outpost stations unless Jacobson the Mobile swatster succeeds, in supplanting Veach in left field in which case the best outfield in baseball will be bettered. Strange again will be the first string catcher, with "Red" McKee and Del Baker continuand shin guards department.

There are three persons of promise who are yearning to cavort around year. Two of them, "Pep" Young of Sacramento, and Frankie Fuller, a native son of Detroit who achieved local fame as a sandlotter, are rediminutive utility infielder who can lars, but never has been able to last long at a stretch because of boils, indigestion, an unlucky series of broken bones and other ills. Young and Fulbludge on. Vitt is formidable both in the field and at bat. A good winter The possibility of Burns on second and Walter Pipp, who recently refused to sign on of Manager Bill Donovan's Yankee contracts on first is worth mentioning because of the added batting strength such a combination would give the team.

The pennant prospects of the Tigers really depend on the ability of the pitching staff to perform as it has shown itself capable of performing in seasons past. Of recent years, the Tiger moundsmen have been noted made. for having great years—one pitcher at a time. In 1912 it was Jean Dubuc who proved to be a world beater. The next year George Dauss came through. Last season, it was Harry Coveleskie. If these men should chance to get right at the same time, and Reynolds and Cavey continue the stride they struck last fall,

Question is Discussed With Present Holder. John Walker-Davidson Signs Sandman.

GOING TO RICHMOND SUNDAY

At a meeting of the board of directors of the Rushville baseball team last night the question of the lease on the ground was discussed. The lease at present is held by John Walker, who controlled the team last year. The sentiment of the board was that the ball club should have full control of the grounds and another meeting will be held Thursday night at which time Mr. Walker will submit several propositions.

Word was received here this morning from Manager Davidson stating that the team is arranging for a big season. He stated that the players had agreed to take ten shares of stock in the club. Manager Davidson will attend the matting Richmond Sunday of semi-pro managers from Indiana and Ohio.

Davidson has succeeded in signing Ed Sandman for first base. This will be good news to the fans as Sandman was a favorite here last season. He was a hold out this year and finally came to terms with the club. Several teams around here would have liked to had Sandman this year. He is a heavy hitter and a good fielder. With the signing of Sandman the team is completed.

Three Arrested on Charges Filed by James Adams, Choir Leader of a Local Church.

YELLED, BUT DIDN'T SING

Gordon Bennett, Carl Jackson and Charley Bennett were arrested today, charged with having disturbed a church service. It is alleged that about a week ago they attended the services of a church at 223½ North Morgan street and when the congregation was asked to stand and sing, the boys, instead of singing, yelled out with all their might and almost broke up the session.

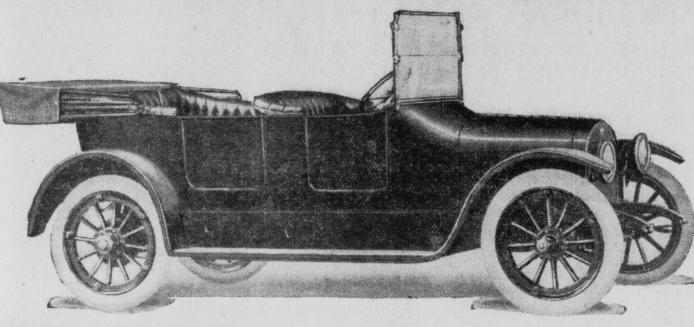

The affidavits were filed by James Adams, leader of the choir. It is asserted that the boys have been disturbing the services for some time and that despite warnings they continued until the congregation determined on some action. The charges were filed in police court. There is one more arrest in the case yet to be

Don't Pass Up the Comforts and Pleasures of Life

You have seen the museum mummy—take a hunch from him. He hasn't had any pleasure for over 5,000 years. He had his opportunity—did he get his share? Do you? Buy what you need and make life a pleasure to yourself and family. There will come a time when you can't. Ask the mummy, he knew once—did he enjoy life to the full extent as it was intended for him to do? He won't answer—it's up to you. For instance, if you need a New Storm Buggy or any other kind of a buggy, why don't you buy it and buy it now? We have plenty of them and we want to sell them. We have every style that was ever made, all colors of paint, all kinds of combinations. The man that deprives himself of all these comforts of life may leave a bigger tombstone to mark the hole he is finally forced to crawl into but he is a mummy all the years of his life. So get busy, buy yourself a buggy, buy the boy a buggy and get what pleasure you can out of life now. Next year may be too late. Don't forget our Opening on March 12-13. Come in and have a good time with us and don't forget to buy what you need to make life worth while. You will be a mummy soon enough.

Writes a Letter to Tired, Worn-Out Mothers Telling How Vinol Made Her Well and Strong.

Jackson, Miss.:-"I shall feel repaid for writing this letter if I can help any tired, worn-out mother or housekeeper to find health and strength as I have. "I have a family of five, sew, cook and do my housework and I became very much run-down in health. I had indigestion and stomach pains and headaches. Often I would be in bed for several days at a time, and before I took Vinol I tried too many remedies to mention, without benefit. A friend asked me to try Vinol. I did so and before I had taken only to be the noticed a big improvement. big improvement. Now I am well and strong and my old time energy has been restored. CONGRESS GOES

Fate of Three Big Appropriation Bills, Ship Purchase and Rural Credits in Balance.

SENATE KEPT UP ALL NIGHT

(By United Press.)

Washington, March 3.—Congress worked at high speed today towards final adjournment at noon Thursday. All'thought of an extra session was abandoned. Fate of three big appropriation bills, rural credits and ship purchase measure hung in the balance. Both houses made great strides towards clearing the calendar. The senate night session lastted until 7 a. m. It reconvened early expecting if necessary to remain in continuous session until tomorrow.

President Wilson helped matters by signing four big appropriation bills. Remaining for final disposition yet are the army, postoffice, United Press today, agricultural, rivers and harbors, Indiana and general deficiency approtoward a compromise on rural credits. The ship purchase bill was still in the senate with failure almost certain. Deadlocks on the agricultural and the postoffice appropriations threatened their failure too, with necessities for emergency resolutions to provide funds.

> WILL TAKE CHARGE. (By United Press.)

Washington, March 3.—President Wilson will take personal charge of the international situation upon the adjournment of congress tomorrow. This was made plain in administration circles today.

Don't throw away your safety razor blades. Take them to F. E. Wolcott's drug store and have them sharpened on an Odell sharpener. It will make them better than new. Prices 35c per dozen for single blades.

Allies Answer Enemy's Human Warfare With Death Stroke. French Minister of Marine Says.

CALLS GERMAN MOVE BLUFF

Not Another Ship Shall Reach Germany if we Can Help it-And I Believe we Can."

Paris, March 3.—Germany's doom has ben sounded; the allies have answered in human warfare with a death stroke, Victor Augagneur, the French minister of marine declared in an exclusive interview with the

"Not another ship shall reach Germany if we can help it—and I priation bills. Conferres struggled think we can," said the head of France's navy. "We have observed from the start all the rules of civilized warfare. Germany has broken off-putting her on the plane of the savage. Well, we'll starve her out."

> The interview took place in his office in the ministry overlooking the beautiful plane De La Concorde. The French minister smiled the smile of confidence as if he had no doubt whatever of the ability of the French and English navies to meet the task before them.

> "But Von Tirpitz says that Germany will starve out England," it was suggested.

"Just a bluff," said Augagneur scornfully. "Germany is utterly unable to make good her threat. People say that Germany has secretly built many submarines. I know better. I know within two or three exactly how many she has and neither Engdouble blades and 25c. per dozen for land nor France is in the least exci-30416 ted. She may sink a ship now and hen. This is inevitable, but in the Mrs. Austin's famous pancakes ultimate end what good will this do her? The outcome of the war will be changed an iota.

The German threat to starve out England by torpedoing merchantmen is the same brand as the threat to destroy London and Paris with Zeppelins. What Zeppelins have actually visited Paris or London? They might kill a hundred, two hundred or possibly three hundred-but what of t? It would be merely an achievement—a record of savagery but the final result would in no way be affected."

With the signature vesterday by Governor Ralston of the Rinear senate bill, making it a law, it is possible for cities like Rushville to vote been a most lamentable lack of a place for public gatherings in Rushville and when the Rinear bill was first introduced it was pointed out by many that the measure, if it became a law, might solve the problem in Rushville:

The bill was introduced February I and referred to the senate committee on cities and towns. It was reported favorably and concurred in February 9 and finally came up to third reading February 12, amended and passed unanimously by the senute all in the same day.

It came up for first reading in the house February 16 and was referred to the committee on cities and towns. It was reported favorably February 20 and finally passed last week. The law will not be effective until the new state laws are printed because it contains no emergency clause. The bill is very complicated and therefor is reproduced in full as follows:

It is true that nature and a woman's work has produced the grandest remedy for woman's ills that the world has ever known. From the roots and herbs of the field, Lydia E. Pinkham, forty years ago, gave to womankind a remedy for their peculiar ills which has proved more efficacious than any other combination of drugs ever com-pounded, and today Lydia E. Pinkham's Vegetable Compound is recognized from coast to coast as the standard that has yet come from the famous remedy for woman's ills.

In the Pinkham Laboratory at Lynn Mass., are files containing hundreds of thousands of letters from women seeking health-many of them openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound; and in some cases that it has saved them from surgical operations.

"The Passing Show of 1914" a twelve hour show squeezed into three" the third annual revue to come from the Winter Garden, New York, will be the attraction at the Murat Theatre, Indianapolis, Thursday, Friday and Saturday with Saturday matince, March 4, to 6. It seemed that the two predecessors of this show had reached the culmination of bigness, that all had been done in the way of startling stage effects, surprises in costaming and astonishing divertissements of song and dance. Yet it appears that the revue for this season, with its multitude of novelties, is far in advance of anything yet seen in this class of entertainment. Everything is new but the runway, a staple feature of is said to be the most unexampled Winter Garden. In all there are two acts and thirteen scenes, and it is said that there are a sufficient number of important settings in this new "Passing Show" to fully equip at least half a dozen musical comedies.

The three more important scenic novelties of "The Passing Show of 1914" are a panorantic view of the Panama Pacific Exposition, San drama "A Page from Life" for the Francisco; the flight of a trans-Atlantic airship and the Sloping Path,

a surprising contrivance secured So capitivating have these annual revues become that the Winter Garden's "Passing Show" is now looked. upon as an institution. Sheer fun. down-right comicalities, unrestricted merriment and undisguised drollery, are the chief delights of "The Passing Show." In speaking of "The Passing Show" company, it is usus ally first of all to refer to the chorus and in this instance described as a "wiggling wave of winsome witches." With a mighty blare of trumpels about its passion for progress, the house of representatives the Indiana general assembly passed the other day a universal primary measure, following the rejection of a similar bill by the senate. Then the iniquitous and reactionary senate became the target for all the apostles of progress, near-progress, and quasi-progress in the state of Indi-

Promptly the Indiana state senate passed, with practical unanimity, a genuinely progressive measure, providing for the enfranchisement of women To the demand of the house "Let the people rule", the senate answered, "Not simply some of the people but all of the people." And, lo, and behold, the house promptly lost its anxiety about progress, and it begins to look as if, through the rejection of the bill passed by the senate giving women limited franchise, this erstwhile citadel of the Forward Movement is going to become the fortress of Reaction

flushing. The universal primary, a matter of fact, is not genuinely progressive, but reactionary. It is designed to promote corruption in politics, fortify the office holders' trust, destroy party responsibility and make polities in Indiana a rich man's game. This is just exactly what it has done in the many states in which it has been tried out. Theoretically there was plenty of argument for the universal primary, but now that its results are apparent, it is without excuse in a really progressive state.

Survey by Indiana State Tax Association Shows Average For Cities to be \$3.72.

RUSHVILLE RATE HIGHER

Although Increase is Shown, Two Incorporated Towns in County Are Below Average.

According to an exhaustive survey of tax rates throughout Indiana, made by the Indiana State Tax association, the tax rate in Rushville is nine and four-tenth cents above the average for the ninety-seven cities in the state. The average rate for cities is \$3.726 a hundred and in Rushville, the rate is \$3.82.

The survey is the 1914 levy to be paid this year. It reveals that the prediction of many has come truethat the five cent tax rate would be reached soon—and it is here, according to the figures. Five Indianatowns and cities in Indiana this year have a tax rate of five dollars or more on every one hundred dollars worth of taxable property. One is within eight cents of six dollars. Thirty-six towns and twenty-eight cities have more than a four per cent, tax rate, but Rushville does not get into the latter class.

The increase in Rushville city is twenty-four cents over the 1913 🗏 levy. Fifteen cents of the twentyfour was made in the city property.

The city council raised the tax levy fro mone dollar to one dollar and fifteen cents because the council figured that it would be economy to raise the levy and meet the debts of the city as they come due rather than borrow more money to pay off debts and thus continue borrowing money. It is generall conceeded that the tax levy should have been raised two years ago and the rise would not have had to have been so large. The outgoing administration in 1913 realized that it was imperative to raise the rate, but delayed action until it was too late to make the increase legally, thus leaving a lot of outstanding debts for the

present administration to pay. The average for the 393 towns in the state levied in 1914 and payable this year, is \$3,093 a hundred. The average rate the year before was \$3,023, showing an increase of seven cents a hundred. There are only two incorporated towns in Rush county. The rate at Carthage is \$3.05 four cents below the average, and the rate at Glenwood is the same. The rate of other towns in this vicinity are as follows: Morristown, \$2.36; Knightstown, \$2.55; Spiceland, \$2.51; Dunreith \$2.06.

The rates of other cities in this part of the state follow: Columbus, \$3.04; Greensburg, \$3.59; Connersville, \$3.04; Greenfield, \$2.83; Newcastle, \$3.16; Seymonr, \$3.56; Shelbyville, \$3.04; Richmond, \$3.26. WILL VOTE FOR SUFFRAGE

Jinnet Expects to Cast Ballot For Womans Measure.

In response to the petition of Rushville women that he support the womans suffrage bill if it ever gets before the house, Representative W. R. Jinnett from this county has authorized the statement that he will vote for the measure.

"You may say to the people of Rush county," he says, "through the columns of the Republican that I will vote for woman suffrage if this question comes before the house,"

Plenty of Rushville evidence of Jennings for Most Part Will Stand Pat on Tigers as They Were Last Season

FIGHTING CHANCE TO

thing if All of Pitchers Would Get Right

(Written for United Press.)

Detroit, Mich., March 3.—Hughey Jennings is going to stand very nearly pat on his 1914 team. There is a hole at second, left vacant by the collapse of Marty Kavanagh, the Jeresy cave man, and good pitchers always can be used, but that will be the extent of the Jungletown patching.

This was the dope handed out by the prophets today.

Some thousands of fans who helieve the Tigers would have beaten the Red Sox out of second place in the American league race last season had Cobb been able to remain in the game throughout the summer, are confidently predicting a pennant for the Bengals in 1915. Most of the others believe "There's a fighting chance.

George Burns, who was more or less of a sensation last year, undoubtedly will be seen at first base again this season, Donie Bush will be at short, and George Moriarty, the veteran, who had one of his best seasons last year at third. Cobb, Crawford and Veach will—continue—at their outpost stations unless Jacobson the Mobile swatster succeeds, in supplanting Veach in left field in which case the best outfield in baseball will be bettered. Strange again "Red" McKce and Del Baker continuing as first lieutenauts in the mask and shin guards department.

There are three persons of promise who are yearning to cavort around the keystone sack for Jennings this year. Two of them, "Pep" Young of Sacramento, and Frankie Fuller, a native son of Detroit who achieved local fame as a sandlotter, are recruits. The third is Oscar Vitt, the 3 Large Fat Mackerel_____250 diminutive utility infielder who can Penny Salt Fish each_____lc play better baseball than many rega-Cod Fish Pure Brick_____i0c lars, but never has been able to last long at a stretch because of boils, indigestion, an unlucky series of broken Goods that you do not get at any bones and other ills. A good winter Farmers, Bring us Your Produce league guess would give Vitt the job. The possibility of Burns on second and Walter Pipp, who recently refused to sign on of Manager Bill Donovan's Yankee contracts on first is worth mentioning because of the added batting strength such a combination would give the team.

> The pennant prospects of the Tigers really depend on the ability of the pitching staff to perform as it has shown itself capable of performing in seasons past. Of recent years, the Tiger moundsmen have been noted | made. for having great years—one pitcher at a time. In 1912 it was Jean Dubuc who proved to be a world beater. The year George Dauss came through. Last season, it was Harry Coveleskie. If these men should chance to get right at the same time, and Reynolds and Cavey continue the stride they struck last fall.

Then, there is George Boehler, who has more stuff than Walter Johnson, but who has never shown any sanc comprehension of the purpose for which a white rubber is placed in the vicinity of the better. If George principles of that art known as control he would prove the sensation of 30312 the year. But that isn't probable. Oldham, a southpaw, garnered from Providence, looked good in some 258tf break into the first string mound staff He pitched some 30 odd innings for Detroit last fall and did not pass a man. He wasn't bombarded vigorously, either.

DIRECTORS WANT LEASE TO GROUND

Question is Discussed With Present Holder, John Walker-Davidson Signs Sandman.

GOING TO RICHMOND SUNDAY

At a meeting of the board of directors of the Rushville baseball team last night the question of the lease on the ground was discussed. The lease at present is held by John Walker, who controlled the team last year. The sentiment of the board was that the hall club should have full control of the grounds and another meeting will be held Thursday night at which time Mr. Walker will submit several propositions.

Word was received here this morning from Manager Davidson stating that the team is arranging for a big season. He stated that the players had agreed to take ten shares of stock in the club. Manager Davidson will attend the matting Richmond Sunday of semi-pro managers from Indiana and Ohio.

Davidson has succeeded in signs ing Ed Sandman for first base. This will be good news to the finns as Sandman was a favorite here last season. He was a hold out this year and finally came to terms with the club. Several teams around here would have liked to had Sandman this year. He is a heavy hitter and a good fielder. With the signing of Sandman the team is completed,

ball will be bettered. Strange again will be the first string catcher, with "Red" McKee and Del Baker continu-

Three Arrested on Charges Filed by James Adams, Choir Leader of a Local Church.

YELLED, BUT DIDN'T SING

Gordon Bennett, Carl Jackson and Charley Bennett were arrested today, charged with having disturbed a church service. It is alleged 🗵 that about a week ago they attended 💹 the services of a church at 2234 North Morgan street and when the congregation was asked to stand and sing, the boys, instead of singing, yelled out with all their might and almost broke up the session.

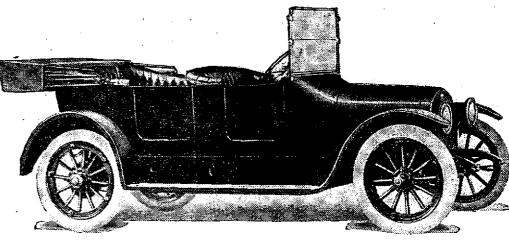

The affidavits were filed by James Adams, leader of the choir. It is asserted that the boys have been disturbing the services for some time and that despite warnings they continued until the congregation determined on some action. The charges were filed in police court. There is one more arrest in the case yet to be

MOTHER RESTORED

Writes a Letter to Tired, Worn-Out Mothers Telling How Vinol Made Her Well and Strong.

Jackson, Miss.:—"I shall feel repaid for writing this letter if I can help any tired, worn-out mother or housekeeper to find health and strength as I have.
"I have a family of five, sew, cook and do my housework and I became very much run-down in health. I had indigestion and stomach pains and headaches. Often I would be in bed for several days at a time, and before I took Vinol I tried too many remedies to mention, without benefit. A friend mention, without benefit. A friend asked me to try Vinol. I did so and before I had taken one bottle noticed a big improvement. Now I am well and strong and my old time energy has been restored. Vinol has no superior as a tonic for worn-out, run-down, tired mothers or housekeepers."—Mrs. J. N. MELTON, Jackson, Miss.

We ask every tired, care-worn, rundown, nervous man or woman in this vicinity to try Vinol, our delicious cod liver and iron tonic without oil, and they too will soon be able to say that Vinol has built them up and made them strong. Remember, we will return your money if it fails to benefit.

Oliver Plows

It is a fact that every word we say about the No. 11 Oliver Sulky Plow is true, and if you have ever owned one you know we can't speak too well for this OLIVER SULKY. It is the best plow for any soil, at any time and under any conditions, that is manufactured today. Its construction is simplicity in every detail; hence it is light in weight. It is built to hug the ground; it is the only plow which successfully backs furrows, turns square corners, right or left without raising the base, and is acknowledged to be the lightest in draft and turns the soil in better condition than any other sulky plow. And I hereby challenge any manufacturer or dealer for a fair field trial that the No. 11 OLIVER SULKY is lighter in draft, will turn the soil in better condition, turn all trash under better and leave your ground in better condition than any other Sulky Plow manufactured.

We have a good stock of Oliver Sulky and Walking Plows and Repairs on hands, and invite you to call and see me, and get prices before you buy.
